Notes / Information

* A surcharge applies to these colours.

Colours shown are as close as possible to actual colours. Please note: due to limitations of the printing process, photographic and printed images may not represent the true colour. For greater colour accuracy, B&D recommends using colour samples which are available on request.

Please note: B&D Timber Coat™ and Knotwood™ contains natural colour variation consistent with that of real timber.

The COLORBOND® steel colours shown here have been reproduced to represent actual product colours as accurately as possible. However, we recommend checking your chosen colour against an actual sample of the product before purchasing as varying light conditions and limitations of the printing process may affect colour tones.
